In support of Purdue University’s actions undertaken to slow the spread of the COVID-19 Coronavirus and protect the health of our Purdue community, the Center for Career Opportunities will provide the following services and resources:

- Students are invited to connect via WebEx or phone with career coaches to strategize career planning efforts and internship and job search activities. This activity temporarily replaces our in-person appointments and drop-in offerings. Please request a Job Search Strategies appointment HERE.

- On April 22nd, the CCO will be hosting its inaugural Just-in-time Virtual Job Fair. CCO-affiliated campus career fairs and recruitment events scheduled for March and April are cancelled.

- In addition to the VJF, employers are invited to utilize WebEx or another on-line platform to conduct interviews. The CCO will not be hosting campus-based, in-person interviews until further notice.

- The Career Closet will be closed until further notice.

- On Demand Resources continue to be available to assist you with your career development and job search process. The listing of links below will take you directly to these useful sites.
